"About this time," as Josh Billings said, "Expect" a copy of Senator Page's Speech on Vocational Education

## SENATOR PAGE MAKES A SPEECH

Topic is "Vocational Education,"  
Delivered for Home Consumption,  
to be Used in Present  
Senatorial Campaign!

Senator Carroll S. Page Delivered a speech in the United States Senate on Monday, July 24, 1916.

A Vermonter present, writing home his impressions of the speech, says:—

"Amidst an atmosphere of serenity and calmness not unlike the peace that hovers over the Bull Run schoolhouse in vacation time, Mr. Page of Vermont to-day (July 24, 1916) delivered his address on vocational educational training. I emphasize the peace and quiet of the occasion. No one was present. This is not quite literally true. But as I went into the Capitol this morning one of my friends said: 'Your favorite statesman is speaking.'"

"He began speaking at 10 o'clock. I went into the Senate at 10:40. This was the situation then: I found the press gallery altogether empty."

"Six senators besides the distinguished speaker were present."

"Of these, five were busy studying bills and papers in preparation for the day's work. The other, not engaged with papers of any sort, sat quietly in his seat—asleep, I think. Mr. Page droned away in a monotone. Nobody could hear him, and the attendance showed quite clearly that nobody wanted to. I must add that as I left the gallery, I saw Senator Dillingham enter the chamber, fortified with a palm leaf fan."

"It struck me that it did not require political or moral courage to deliver a speech on vocational education at this time. I am sure that it will not require self-sacrifice or large expenditure on Mr. Page's part to have the speech printed and widely distributed. I venture a guess that his constituents are far more interested in his vote on rural credits."

Mr. Page fathered a vocational training bill in the Senate. Mr. Lever favored a bill on the same subject in the House. The Lever bill is given credit of being by far a better measure. The House passed it. Senator Hoke Smith, a giant physically and mentally a power in the Senate, practically took over the Lever bill, his effort causing the Page bill to fall in the discard.

The Vermonter in Washington who heard Senator Page's speech writes further on the situation. He says that the Hoke Smith vocational educational bill is on the Senate calendar, but that it will not be acted on this session.

Why, then, a speech on the bill by Senator Page at this time for any other reason than for distribution to the voters of Vermont for campaign purposes?

Thousands of people in Vermont desire to know what Senator Page has stood for and what he has created in the way of progressive constructive legislation the eight years he has been a senator.

Will Mr. Page Answer?

### WATERBURY

The Hochelaga Campfire Girls Broke Camp Saturday.

The Hochelaga campfire girls, who have been in camp at Good Luck lodge on Ricker mountain, broke camp Saturday.

With their guardian, Mrs. W. L. Wasson, assisted by Mrs. Max Ayers, they have had a most pleasant and profitable time and have learned much of the beauties of their town and states, as well as domestic duties. The 14 girls were divided into groups for doing the work, the meals having been planned by Mrs. Wasson.

The cooking being under the supervision of Mrs. Ayers, who has been until recently the teacher of domestic science in the Essex Junction schools. Many hikes have been taken. On one of them they climbed nearly to the top of Bald peak, from whence there is a fine view. Bird scouting and flower scouting brought much information, one girl finding 58 varieties of flowers and another 62. Three kinds of orchids were found, the purple, white and ladies' tresses. Twice they have had physical culture drill and a very good swimming pool was made by damming the brook. Friday evening a picnic was enjoyed and a particularly pleasant time was spent their last evening.

Dr. Wasson and Mr. Ayers have been with them evenings and nights and have enjoyed the outing with the rest, the doctor being reminded at times of his profession. Both of these gentlemen helped in every way to give the girls a delightful time and at an outdoor ceremonial meeting were voted in honorary members. Dr. Wasson of the Hochelaga girls and Mr. Ayers of the new campfire organizer, but as yet unnamed, of which Mrs. Ayers is assistant guardian. Among the guests whom they received at the lodge was their pastor, Rev. William L. Boicourt.

On Tuesday evening at the town hall at Duxbury Corner, E. C. Kinney will give an illustrated lecture, which will be free; given under the auspices of the union Sunday school in that place.

Wednesday afternoon the ladies' aid of the Methodist Episcopal church will hold a lawn party on the lawn at the home of Mrs. George W. Morse on Main street.

Aprons, homemade candy and ice cream will be for sale and there will also be a salad supper.

An interesting letter has been received by Mrs. J. H. Hooking of Fayston from her brother, who is in one of the Cornwall regiments that have seen much hard service at Verdun. Mr. Blight writes very strongly on the amount of ammunition it takes to keep the guns going and says it is one continual bang, bang, bang, all day and night. From the hills they can see the shells bursting, but when they come near the anxiety is keen.

The writer is a sergeant and has been through the hardships of war.

### WILLIAMSTOWN

Station Agent Lester O. Morgan, who has been having a two weeks' vacation, returned to his duties last Saturday.

During his absence, the station was in charge of Cedric C. Clarke of Randolph, whose regular work is telegraph operator, but who learned the work of station agent early in life. Mr. Clarke goes from here to Roxbury, where the agent is to take his vacation.

about ten days with Dr. and Mrs. Henry A. Downs of that place.

Frank H. Benedict, superintendent of the union district which includes the towns of Wayland, Dover and Sudbury, Mass., arrived here last week, accompanied by his wife and two children. His headquarters are at Cohasset, a village in the postoffice in the first named town. The party are at Walter Granger's and expect to stay about two weeks.

Mr. and Mrs. George Marr and Mrs. L. D. Gale went to Cabot last Friday night about 9 o'clock on getting news that James Marr, who is at work in that town during his vacation, had been kicked by a horse. They found him with a cracked collar bone and numerous bruises, but it is not thought that any will be serious. He was climbing up to his seat on a load of feed, when a tag slipped off, taking him with it, falling just back of the horses, who kicked, and some lookers on thought the wagon was also drawn over him. He was able to come home on Saturday and is as comfortable as one would expect him to be.

The trip to Cabot and back was made by Robert E. Clogston.

James Powers, a former citizen, but now of Northfield, was in town last week calling on friends.

The Village Improvement society will meet in firemen's hall Tuesday evening, August 1, at 7:30. Important business.

## Let Resinol Make Your Sick Skin Well

That itching, burning skin can almost certainly be healed! The first use of Resinol ointment seldom fails to give instant relief. With the help of Resinol soap, this soothing, healing ointment usually clears away all trace of eczema, ringworm, rash or similar tormenting, sleep-preventing skin-diseases quickly and at little cost. Physicians have prescribed Resinol ointment regularly for over twenty years, so you need not hesitate to use it freely. Sold by all druggists.

## Is Your Toilet Soap Injuring Your Skin?

Many toilet soaps contain harsh, injurious alkali. Resinol soap contains absolutely no free alkali, and to it is added the Resinol medication. This gives it soothing, healing properties which clear the complexion, comfort tender skins and keep the hair healthy.

### RESISTANCE TO DISEASE

Debility is a loss of vitality, not affecting any one part of the body particularly but the system generally. It is dangerous because it reduces the body's resistance to disease.

When debility follows acute diseases, convalescence is slow and the strength does not return as it should. An attack of the grip often results in debility that persists for months. Everybody recognizes that the remedy for debility is to build up the blood because the blood goes to every part of the body and an improvement in its condition is quickly felt throughout the system.

The problem in every case is to find something that will enrich the blood.

Dr. Williams' Pink Pills suit most people's need because they are non-alcoholic and they really build up the blood and strengthen the nerves.

Dr. Williams' Pink Pills are useful for growing children and for men and women whose nervous energy has been overdrawn. Try them whenever your blood is thin.

Your druggist sells Dr. Williams' Pink Pills or they will be sent by mail, postpaid, on receipt of price, 50 cents per box, six boxes \$2.50 by the Dr. Williams Medicine Co., Schenectady, N. Y. Write today for free booklets on the blood and nerves.
